CHW - CheckWeigher

300 - 5000 gr

Overview

Digital-controlled checkweighers are dynamic weighing systems that inspect every single product, eliminating the wide margins of error associated with manual sample-based checks. Our systems are versatile and easy to use. All of our units require minimal maintenance and are simple to clean. They are used for weighing a wide range of packaged products in dry environments, from 300-gram to 5,000-gram packages.
